One day a girl named Veronica and her sisters Lilly and Sophie went outside to play. Veronica, Lilly and Sophie live in New Hampshire. Veronica is 10 years old, Lilly is 9 year's old, and Sophie is 7 year's old.

Veronica usually wears purple, Lilly wears pink and Sophie wears yellow.
Veronica is holding some mint. Lilly and Sophie are getting chocolate chips.

Hi!
I am
Veronica. I
am the
oldest.

Lilly is the middle child, and Sophie is the youngest. Our dad owns a shop called the "Chef's Outdoor Restaurant", when he retires we will take over the shop. Today dad retired, that means we take care of the shop.

Next Day.....

*Today is the day that we get to start work at dad's shop. "This is going to be fun." said Sophie
"I wonder what we are going to do first?" said Lilly.*

I am going to be the boss!!

Veronica is making coffee

Dad drove us to the Chef's Outdoor Restaurant. When we got there dad showed us the book. The book is the thing that holds all of the secret recipes. Dad told us everything we need to know. Then we ate lunch. Right after lunch dad told me to come with him. We went into a closet and he told me that I was the boss.

"The boss!!" I said.

Sophie is tasting a chocolate drink.

Lilly is showing us some ground up chocolate.

Then dad said that I have to take care of Lilly and Sophie. "Is that all right?" said dad. "That is all right" I said, "Today I will make my first Magic Cake. I will teach my sisters how to do it."

Our first day.....my sisters and I mix up a lot of batches of chocolate mix.

"This is so much fun." Sophie said.

A good chef always washes their hands.

Chef Veronica has made a wonderful magic cake

"See this..", said V,
"this is an ordinary
cake."

"You take these sprinkles and pour
them on"

"...then you have magic cake."

Then a customer came in. He said" I would like a coffee and some mints."

Chef Veronica pours the magic drinks.

In about 1 month they were the best Chef's in the world.

They made millions of dollars. They were rich. In one day they made about \$10,000 and they gave it to the poor and the Homeless Shelter. Some people gave them money for the fundraiser. The rich gave them toy's for poor kids.

Lilly & Sophie drink magical chocolatey drinks that V made for them.

Mmmm! This magic cake tastes great.

Veronica Displays Chocolate Foods Baking in the Ovens

Here the chef shows us the chocolate cakes and chocolate cookies. They can become magic cake if Chef V puts the magic sprinkles on it.

When you eat magic food you must think of whatever is your favorite food and that is what you will be eating.

The

Now the girls will run and play
